

# After-School STEM Learning for All!

Get a head start on important learning, and have fun doing it.  
 After-school classes run late March up to summer break.  
 Choose from age-appropriate options for ongoing STEM learning:

<p><b>Fun With Computers</b>  <b>Grades 1-3</b>          A computer playground for kids still learning reading, mouse and keyboard skills.</p> <ul style="list-style-type: none"> <li>• Learn basic computer skills</li> <li>• Early coding exercises</li> <li>• Team and group play</li> <li>• Parents welcome!</li> </ul> 	<p><b>Program in MIT Scratch</b>  <b>Grades 2-5</b>          An introduction to MIT's Scratch, kids' ideal programming language.</p> <ul style="list-style-type: none"> <li>• Learn basics of Scratch</li> <li>• Code your own games and apps</li> <li>• Veterans, come back and deepen your skills!</li> </ul> 	<p><b>Math Olympiad Team</b>  <b>Grades 3-5</b>          For all kids who want to build skills and deepen enthusiasm for math, logic, and problem-solving!</p> <ul style="list-style-type: none"> <li>• Share ideas and insights</li> <li>• Custom explorations</li> <li>• Five competitions</li> </ul>
